SCAPR meetings provide a local forum for the exchange of information between aerospace business development professionals and senior government and military officials responsible for National Security Space. SCAPR has over 100 members from more than 50 aerospace companies in Southern California and meets monthly in El Segundo.

SCAPR monthly luncheons feature presentations and dialogue with speakers with special emphasis on system acquisition and procurement plans, policy changes, space doctrine and tactics, and evaluation of effectiveness of space system support to military operations. The environment is a *not-for-attribution* forum with no media or public allowed. Speaker charts are often made available to members. SCAPR meetings are usually the second Wednesday of each month at the El Segundo Embassy Suites.

A benefit of SCAPR membership is networking with featured speakers and colleagues within the aerospace business development and program management community, as well as attendance at our Spring Mixer and Winter Holiday Party. Members may bring a guest to our luncheons and parties.

Recent SCAPR speakers have included SMC/CC Lt. Gen Tom Sheridan, Former SMC/CC Lt. Gen Mike Hamel, Aerospace Corporation President Dr. Wanda Austin, JPL Deputy Director Lt Gen Gene Tattini, SMC/CD Doug Loverro, SMC/CV Brig Gen Susan Mashiko and the SMC Wing Commanders responsible for national security space programs.

Lt. General Mike Hamel (January 2008) and BG Susan Mashiko (January 2009) provide the annual SMC perspective to SCAPR

SCAPR is a non-profit, non-discriminatory and politically non-partisan organization.
